

Business start-ups

Status: Holding steady

Number of new business start-ups at UK and UofL

Source: Association of University Technology Managers survey

Highlights

- Performance on this indicator remained relatively stable since 2000, with UK decreasing from 6 to 4 business start-ups and UofL increasing from 1 to 3.
- There has been no change on this indicator from 2005 to 2006, the most current year available.

About this measure

To encourage the vital entrepreneurial role of Kentucky's research universities, this indicator tracks the number of new business start-ups formed during a fiscal year that were dependent on the licensing of an institution's technology, as reported to the Association of University Technology Managers (AUTM).
